STAFF REPORT

TO: CLAYTON CITY COUNCIL

FROM: Kraig Chalem, Senior Planner

DATE: February 3, 2026

SUBJECT: Adoption of Ordinance No. 502 Amending the Clayton Municipal Code to Add Subsection 17.36.079 to Chapter 17.36 (General Regulations) of Title 17 (Zoning) Related to by Right Affordable Housing of Housing Element Opportunity Sites

RECOMMENDATION

Adopt Ordinance amending the Clayton Municipal Code to add subsection 17.36.079 to Chapter 17.36 of Title 17 to clearly state that developments meeting affordable housing requirements are allowed by right.

BACKGROUND

On January 17, 2023, the Clayton City Council adopted the Housing Element Update (HEU) for the 6th Housing Cycle, approved in December 2022. Following the public hearing, the City Council adopted Resolution No. 06-2023 certifying the Final Environmental Impact Report (EIR) prepared for the project and adopting the update.

DISCUSSION

The City Council adopted the Housing Element on January 17, 2023, within the statutory deadline. After adoption, the City submitted the element to HCD for certification. HCD had many comments and staff followed up.

Staff had thought that all issues had been resolved with HCD. However, as noted above, HCD had two additional comments, which staff seeks to satisfy by amending Resolution No. 06-2023, to incorporate a finding as noted below, and amending the zoning code to satisfy state requirements regarding entitlements.

On December 23, 2025, staff presented the Resolution revision and proposed Ordinance to the Clayton Planning Commission, and the Commissioners recommended that the City Council review and approve the Resolution and Ordinance as proposed.

On January 6, 2026, City Council approved the final revised Resolution No. 01-2026, adding a finding that identifies specific properties in the HEU as likely to redevelop and addresses that these properties within the City of Clayton do not constitute impediments to redevelopment within the planning period; and, first reading to amend the Clayton Municipal Code reflecting a state requirement that a non-vacant site that has been identified as a housing opportunity site

in the City's prior housing element and a vacant site that has been included in two or more consecutive housing element planning periods shall be an allowed residential use by right if at least 20% of the units are deed-restricted affordable units.

To effectuate this proposed change, staff recommend final adoption of Ordinance No. 502 amending Chapter 17.36 (General Requirements) of Title 17 (Zoning) by adding subchapter 17.36.079 (Housing Element Opportunity Sites) as follows:

"17.36.079 - Housing Element Opportunity Sites. Pursuant to Government Code section 65583.2(c), a non-vacant site that has been identified as a housing opportunity site in the City's prior housing element and a vacant site that has been included in two or more consecutive housing element planning periods shall be an allowed residential use by right for housing developments where at least twenty percent of the units are affordable to lower income households. Pursuant to Government Code section 65583.2(i), the development shall comply with all objective development standards, and a proposed subdivision of the property shall be subject to all applicable laws. If applicable, such projects shall be subject to design review."

CEQA

On January 17, 2023, in accordance with the California Environmental Quality Act (CEQA, Public Resources Code section 21000 et seq.) and the State CEQA Guidelines (California Code of Regulations, section 15000 et seq.), the Clayton City Council certified a Final Environmental Impact Report (EIR; State Clearinghouse No. 2022030086) that analyzed the potential impacts on the environment that could occur with adoption of the Housing Element update and related amendments to land use regulations. The additional finding and the housing-related Zoning amendment as summarized above are within the scope of the project analyzed in the certified EIR.

FISCAL IMPACT

There are no immediate fiscal impacts associated with the project.

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF CLAYTON AUTHORIZING A REVISION OF RESOLUTION NO. 06-2023 TO ADD A FINDING SUPPORTING THE CITY OF CLAYTON HOUSING ELEMENT UPDATE AND ADOPT APPROVING A REVISION TO THE RESOLUTION ADOPTING THE CITY'S HOUSING ELEMENT BY ADDING A FINDING TO THE RECORD THAT NON-VACANT PROPERTIES IDENTIFIED IN THE CITY INVENTORY TO ACCOMMODATE LOWER INCOME REGIONAL HOUSING NEEDS ALLOCATION ARE NOT IMPEDIMENTS TO ADDITIONAL RESIDENTIAL DEVELOPMENT

THE CITY COUNCIL City of Clayton, California

WHEREAS, on January 17, 2023, the Clayton City Council adopted the Housing Element Update (HEU) for the 6th Housing Cycle, approved in December 2022; and,

WHEREAS, the City Council adopted Resolution No. 06-2023 certifying the Final Environmental Impact Report (EIR) prepared for the project and adopting the update to the Housing Element and the associated Land Use Element and Land Use Diagram amendments.; and

WHEREAS, on January 16, 2024, meeting, the City Council adopted amendments to Clayton Municipal Code Title 17 (Zoning) to implement certain adopted Housing Element policies; and

WHEREAS, the HEU and zoning amendments were forwarded to the State Housing and Community Development Agency (HCD) for certification process by the Agency. The correspondence between the city and HCD has been ongoing for approximately two years for that certification resulting in HCD's requirement for numerous amendments; and

WHEREAS, staff submitted the additional ADU proposal to HCD in June 2025, to satisfy the mobility requirement, and the state agency indicated that the new amendment to the program would satisfy the mobility issue.

WHEREAS, at a public meeting held on August 12, 2025, the Clayton Planning Commission considered the revision of the Housing Element and recommended the City Council to approve the revision; and

WHEREAS, at a public meeting held on August 19, 2025, the Clayton City Council considered the revision of the Housing Element Update by allowing an additional attached Accessory Dwelling Unit to the approved Housing Element; and,

WHEREAS, at a public meeting held on December 23, 2025, the Clayton Planning Commission considered the revision of the Housing Element Update Resolution 6-2023 by amending the Resolution to add an additional finding to read as follows:

“WHEREAS, based on fact that properties with existing uses on sites identified in the site inventory (see Tables 5-5 through 5-9; and, Figure 5-1, City of Clayton Housing Element) to accommodate the lower income RHNA have conditions that make those sites primed for redevelopment, including such conditions as property owners having expressed interest in redevelopment, zoning that accommodates higher densities than what exists currently, low building to land value ratios (underinvestment), the presence of only one single-family unit on the site, flat topography with frontage on a major street, adjacency to existing multifamily housing, and city ownership of properties, those existing uses are likely to be discontinued during the planning period as also more detailed in the Housing Element, and therefore do not constitute an impediment to additional residential development during the period covered by the housing element.”

NOW, THEREFORE BE IT RESOLVED, that the City Council of the City of Clayton, California, does hereby approve Resolution 1-2026, amending Resolution 6-2023 by adding that finding as noted above.
